Rural Domestic Service Optional Electric Heat Rate Agreement

The Rural Domestic Service Optional Electric Heat Rate is available to electric heat customers where the consumer has permanently installed electric heat as the primary source of heating for the premises. Each qualifying consumer will be given the option of being billed from the Standard Rural Domestic Rate or the Optional Electric Heat Rate. The consumer must notify the Cooperative by September 30 if electing service under the Optional Electric Heat Rate.

The Optional Electric Heat Rate applies only to the winter season on bills rendered during the months from December to the following March. (April through November will be billed on the Standard Rural Domestic Rate.)

OPTIONAL ELECTRIC HEAT RATE:

(Billing months of December, January, February and March)

Customer Charge \$25.00/month

PLUS:

Energy Charge @ 7.973*/kWh

Demand Charge:

First 8kW = \$5.00/kW of billing demand

Excess kW = \$1.00/kW of billing demand

STANDARD RURAL DOMESTIC RATE:

Customer Charge \$25.00/month

PLUS:

Summer Energy Charge @ 8.573*/kWh

Non-Summer Energy Charge @ 7.973*/kWh

Demand Charge:

\$5.00/kW of billing demand

*-cents

PLEASE SELECT AND INITIAL ONE OF THE TWO CHOICES BELOW

_____ I have read the above requirements concerning the Rural Domestic Service Optional Electric Heat Rate and I understand that after June 1, but before October 1, I may ask to be removed from this rate class for the next winter season. Please place my account on this rate until further notice.

_____ I do not wish to participate in this Optional Rate at this time.
